Iris Listing

Bearded Iris, Siberians

Spurias

FOREWORD

Again we approach the happiest time of the year and we look forward with keenest anticipation to the wealth of beauty awaiting us in the iris rows. Mother Nature has been very good to us this year and we await what promises to be our best season ever. The iris have never looked better and we feel confident of being able to supply you with as fine roots as may be had from any source.

We specialize in the better and hardier varieties and spare no effort to grow the best possible roots. Our ground is new and fertile, located in the heart of the Red River Valley, and the iris love it here. We divide our plants every year to secure stronger and cleaner growth as well as splendid bloom and increase. We guarantee to supply you with well-grown divisions free from disease and true to name. We do not substitute without your express permission.

In addition to our general list we also offer a carefully selected listing of Siberians and Spurias to supplement the regular varieties. We feel these should be more generally grown. The Spurias are of easy culture and are superb for cutting and for garden display. More gardeners should try them.

Now, as to terms and conditions of sale. We require cash in full with your order and we do appreciate postal notes and money orders. We pay transportation on all orders of \$3.00 or more; we will fill smaller orders but must require 25c toward postage and packing costs. We will start shipping July 15th, this later date insures you larger and more mature rhizomes. Bearded iris will be shipped thru July and August, the beardless iris (Siberians and Spurias) in September. We make no spring shipments.

North Dakota customers please add sales tax.

And happy gardening to all of you.

BEARDLESS IRIS

We list here Siberians, Spurias and related species. All varieties from this section will be shipped to you in September. You may order them as early as you wish and we will fill your orders as far as possible in rotation starting September first. No spring shipments. We require a \$3.00 order or 25c toward postage and packing. These iris must be packed in damp moss to avoid drying out so in view of the extra labor and materials required in making these shipments we do appreciate your making your order at least the minimum. A large order is really easier to pack and ship than a small one and one has a much better reward. . . Plant these iris at once upon their arrival and water well. They can be left undisturbed for several years.

SIBERIANS

AMELIA EARHEART—A medium violet blue with horizontal falls. \$.75	STARDUST—A good white.....	.50
BLUE CHARM—A large light blue iris of intense coloring.....	.50	SUMMER SKY—Well named for its white flaring falls and standards of pale blue.....	.50
BLUE HERON—This is a favorite with us. It is such a lovely shade of medium blue and has the poise of a bird.....	.75	TRUE BLUE—Guess what color this one is.....	.50
BLUE STAR—A large and tall deep blue. Star shaped flowers....	.50	WHITE DOVE—Guess again. That's right, it's a nice large white50
CAESAR—Very dark blue purple. Very well liked by everyone.....	.35	ZEST—A showy small flower of bright blue with a dash of red to add pep.....	.40
EMPEROR—A beautiful iris with deep blue violet flowers.....	.35	SPURIAS

In signing off just a reminder about joining the American Iris Society. This organization of ardent irisarians is in part a mutual admiration society (for admiration of iris, that is) and in part an educational setup to disseminate news and information about its members' first love. There are quarterly bulletins and other benefits well worth the three dollar admission charge. Send your money to the secretary Mr. Sam Y. Caldwell, 444 Chestnut St., Nashville 10, Tennessee. You wont regret it . . .

Bye now.
